

A quiet beachfront town.
An attempted hit.
A shaky romance.
An unexpected twist.

From the moment you open *Full Disclosure*, you'll be drawn into the page-turning action that unfolds as Ciara and Jack are thrown together by a hit man's bullet. Was the target meant to be the successful artist that Ciara grew up with, or the mysterious recluse who lives in a sprawling mansion down the beach?

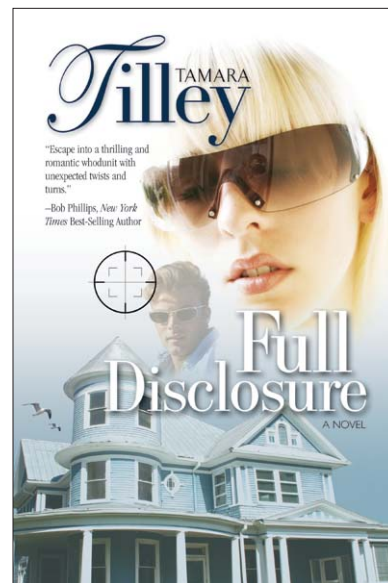

You'll be swept into the action, intrigue, and romance that unfold in this quiet, beachfront community. The threat of permanent blindness for the artist and Ciara's lack of trust, which threatens to keep her locked within a wall of protection, cause them to seek God's direction in a more meaningful way than they ever had before. They knew God could meet their needs, but how?

"Do you enjoy the intrigue and suspense of a great mystery? Do you like to read a book that keeps you up into the night because you can't put it down? Then you'll be captivated by Full Disclosure. Drop all else and escape into a thrilling and romantic whodunit with unexpected twists and turns. Tamara, we can hardly wait to see your next book!"
